

ANTI OXIDANT BOOST BIOME MASK

Technical File

Description

The Anti Oxidant Boost Biome Mask will resuscitate the skin and amplify youthfulness through this facial mask. Encapsulated with potent antioxidants to create an even skin tone and rebalance pH levels. The skin is visibly energised with a powerful infusion of anti-ageing actives, Vitamin E, and Tea Extract.

With a powerful infusion of anti-ageing actives such as Retinyl Palmitate to target fine lines and wrinkles, antioxidants from Vitamin E, Tea Extract to fight free radicals, and Vitamin C to brighten. Also beneficial for acne-prone skin.

This Semi-Gel Tencel (100% organic cellulose) mask ensures optimal comfort. Luxuriously silky, flexible, and comfortable, this mask preserves the integrity of the key ingredients without absorbing them, unlike conventional masks. The active ingredients remain potent and are distributed evenly once in contact with the skin. After 16 hours of mask application, the richness and evenness of the bacteria in the skin are increased, resulting in a rebalanced and healthier skin microbiome.

Containing a rich cocktail of pre and postbiotics and carefully-selected antioxidants, vitamins, and gentle actives to rebalance the skin microbiome and pH levels.

Benefits and Features

- Ascorbic Acid, the most potent and stable form of Vitamin C targets dullness and uneven skin tone
- Vitamin E, an oil-soluble antioxidant, targets hydration levels and combats free radical damage
- Retinyl Palmitate, high in antioxidants and anti-ageing properties, targets signs of ageing such as fine lines and wrinkles, as well as slackened skin
- Tea Extract, an oil derivative of tea leaves, soothes and evens discoloration in the skin

- A decrease in *C. acne* bacteria means acne vulgaris and inflammation are targeted and improved
- Extensive in-vivo testing results indicate a decrease in unhealthy bacteria and an increase in the skin microbiome diversity and overall health
- Suitable for any skin type but gentle enough for sensitive or problematic skin
- Results will compound over time with repeated use

Key Ingredients

- Ascorbic Acid
- Retinyl Palmitate (a form of Retinol)
- Vitamin E
- Tea Extract

Note: This mask contains NO irritants, such as fragrance, alcohol, nanoparticles, ethanolamine, sulphates, essential oils or formaldehyde releasers.

Salon Use

Apply the mask after cleansing the skin at the beginning of the treatment. Make sure to scoop out any surplus of the formula from the package and apply it over the top of the sheet. Leave the mask on for 15 minutes. When removing the mask, gently massage the remains into the skin for a few minutes. Do not rinse off.

You can use a tissue to absorb any excess. Then, continue your facial treatment as recommended.

Home Use

This is a great mask to use at home. It's very simple to apply and leaves no mess. Plus, the results are visually impressive. After cleansing the skin apply the mask on the face and leave it on for 15 minutes. Remove and gently massage the ingredients into the skin. Follow with the usual morning or evening skincare routine.
