

FIRMING ENERGY BIOME MASK

Technical File

Description

This mask is excellent when you need to repair cellular damage and recreate elasticity through this impressive blend of anti-ageing ingredients. As collagen and elastin are stimulated, slacked skin looks firmer, pores are minimised, and will restore a youthful balance.

Infused with anti-aging serums designed to penetrate the deeper layers, the skin experiences repair and restoration through this mask. Peptides, Vitamin C, Niacinamide, and Licorice Root, work together to trigger collagen and elastin production for increased firmness, improved texture, and minimisation of pores. As a result, the skin looks brighter, lifted, and more youthful.

This Semi-Gel Tencel (100% organic cellulose) mask ensures optimal comfort. Luxuriously silky, flexible, and comfortable, this mask preserves the integrity of the key ingredients without absorbing them, unlike conventional masks. The active ingredients remain potent and are distributed evenly once in contact with the skin. After 16 hours of mask application, the richness and evenness of the bacteria in the skin are increased, resulting in a rebalanced and healthier skin microbiome.

Containing a rich cocktail of pre and postbiotics and carefully-selected antioxidants, vitamins, and gentle actives to rebalance the skin microbiome and pH levels.

Benefits and Features

- A complex of Peptides trigger collagen and elastin production in the deeper layers of the skin, resulting in firmer, lifted, and more toned skin
- Ascorbic Acid, rich in radiance-boosting antioxidants, brightens any dullness
- Niacinamide, a form of Vitamin B3, penetrates into deeper layers to repair and reduce dullness, inflammation and energising the skin

- Licorice Root Extract soothes any imbalances and irritation on the skin whilst brightening
- Extensive in-vivo testing results indicate a decrease in unhealthy bacteria and an increase in the skin microbiome diversity and overall health
- Suitable for any skin type but most effective for mature skin or skin experiencing premature ageing such as slackness, loss of texture or tone, lines, wrinkles, etc.
- Results will compound over time with repeated use

Key Ingredients

- Peptides Complex
- Ascorbic Acid (Vitamin C)
- Niacinamide (Vitamin B3)
- Licorice Root Extract

Note: This mask contains NO irritants, such as fragrance, alcohol, nanoparticles, ethanolamine, sulphates, essential oils or formaldehyde releasers.

Salon Use

Apply the mask after cleansing the skin at the beginning of the treatment. Make sure to scoop out any surplus of the formula from the package and apply it over the top of the sheet. Leave the mask on for 15 minutes. When removing the mask, gently massage the remains into the skin for a few minutes. Do not rinse off.

You can use a tissue to absorb any excess. Then, continue your facial treatment as recommended.

Home Use

This is a great mask to use at home. It's very simple to apply and leaves no mess. Plus, the results are visually impressive. After cleansing the skin apply the mask on the face and leave it on for 15 minutes. Remove and gently massage the ingredients into the skin. Follow with the usual morning or evening skincare routine.
