

# Adipo/Gasta

## Slimming Cream

### Body Line

Adipo/Gasta is recommended for local or general fatty excesses linked to poor digestion, poor elimination, nutritional over-indulgence and slow metabolism.

**Size:** Retail 150 mL/Salon 500 mL

### About

#### Key Ingredients

*Biological compounds that supply carnitine, lysine, arginine, glutamine and B7 (Inositol).*

A nutritive and restorative complex that promotes the reduction of the adipocytes.

*Mucopolysaccharides and hyaluronic acid.*

Restore connective tissues.

*Seaweed extracts rich in iodine.*

Boost metabolism thus inducing slimming.

*Extracts from birch, ivy, arnica and hawthorn.*

A synergy of slimming-inducing plants.

*Extracts from green coffee and Yerba mate.*

Potentialise the lipolysis (+170%), and induces fat reduction. Anti-oxidants.

#### Actions

Adipo/Gasta is the specific body cream for slimming, reducing local or general fat deposits, balancing and aiding digestion.

Adipo/Gasta nutritive molecules counteract the excessive craving for sugars and saturated fats. Excessive amounts of sugars and fats saturate the liver and gall bladder.

If food is not properly digested, it is difficult to synthesize, resulting in endocrinal imbalance especially thyroid and cortico-suprarenal permitting an abnormal accumulation and retention of local or general fatty deposits

### Use

#### Conditions

Adipo/Gasta is recommended to assist the reduction of fatty deposits.

It is also beneficial in case of acne link to poor digestion.

#### Home Use

##### Daily Morning and or Evening

After the application of Lympho apply some Adipo/Gasta by gentle massage to fatty deposits, including the stomach and the soles of the feet.

Never use Adipo/Gasta inside the legs and under the buttocks as it may slacken the skin in those flabbiness-prone areas.

#### Salon Use

##### Refer to Body Treatment

Use Adipo/Gasta after Vasco/Artera. Gently massage a large quantity from sole of feet to waist and on fatty deposits, including the stomach.

Never use Adipo/Gasta inside the legs and under the buttocks as it may slacken the skin in those flabbiness-prone areas.

The slimming effect should become apparent after 3 weeks if salon and home treatments are done regularly.
