

# Marine Ger-Lift

## Anti-Wrinkles Cream

### Toning and Anti-Wrinkle Line

Marine Ger-Lift encourages the fibroblasts to produce collagen. It is a very efficient formula that reduces wrinkles caused by loss of dermal elasticity.

**Size:** Retail 30 mL/Salon 150 mL

## About

### Key Ingredients

*Palmitoyl pentapeptide-3 with lysine-threonine-serine chains.*

Stimulates the fibroblasts to increase the production of collagen I by up to 177%, collagen IV by up to 327% and hyaluronic acid by up to 267%.

*A biological compound obtained from porphyridium cruentum, spirulina and chlorella rich in vitamins B1, B2, B6, B12, C, PP and E, as well as proteins, peptides and pentapeptides.*

Supports the synthesis of the extra cellular matrix by stimulating the production of glycosaminoglycans increasing cellular respiration (131%) and cellular growth (35%).

*Zinc, copper, manganese and cobalt as well as sodium, potassium, calcium and magnesium extracted from marine sediment.*

Remineralizing, anti cellular exhaustion.

Anti oxidant.

Boost cellular reaction.

### Actions

Marine Ger-Lift's nutritive molecules assist the fibroblasts to produce collagen and elastin and increase cellular respiration.

Marine Ger-Lift restores the dermal elasticity, therefore diminishing the appearance of wrinkles.

## Use

### Skin Conditions

From 35-40 years of age, when the skin is showing signs of a loss of superficial elasticity that causes fine wrinkles.

### Home Use

#### Morning or Evening

Apply a small quantity to the jaw line, neck and other areas of concern.

Should be followed by Synchro or Cytobi regenerating creams.

### Salon Use

#### Step #4 of Skin Care Treatment

Marine Ger-Lift is an integral part of the Marine Lifting Treatment.

It can also be used with any other treatment on client over 35 years of age.

Massage gently 1/2 teaspoon of Ger-Lift and follow up with Synchro.
