

Active Gel

60ml / available
as a refill

pH3.5

An intensive treatment with a high concentration of Alpha Hydroxy Acids and salicylic extract to optimise skin rejuvenation and skin health and improve the clarity and texture of a problematic skin.

Active ingredients

primary ingredients

- 10% Triple Alpha Hydroxy Acid Complex (exfoliation and renewal)

secondary ingredients

- Willow Bark Extract (Natural form of salicylic acid = Beta hydroxy acid, exfoliation)
- Allantoin (repairing and soothing)

Product benefits

- Active exfoliation and reduction of surface oil
- Assists in the skin decongestion and clarification process by reducing the sebaceous gland blockage
- Anti-inflammatory
- Anti-bacterial
- Rapidly improves repair of problematic skin and enhances results from Phase 1

Application technique

pm only

- Apply a small amount after Nimue Cleansing Gel and Nimue Conditioner
- Massage into the skin
- Do not use on irritated skin
- A mild transient tingling sensation may occur
- It is recommended that this product be used every second night
- Usage may be increased to nightly application depending on acceptance by the skin
- Avoid contact with the eyes
- Use under prescribed night moisturiser
- Introduce 4-6 weeks after Phase 1
- **Do not use if allergic to aspirin**
