

Alpha Lipoic Activator

30ml

pH4.0

A super anti-oxidant, **anti-ageing** booster that assists in reversing the signs of photo ageing and premature ageing caused by sun, stress, pollutants and other factors.

Active ingredients

primary ingredients

- Alpha Lipoic Acid (super anti-oxidant)
- DMAE (dimethylaminoethanol) (strengthens cell membranes and creates tightening)

secondary ingredients

- Vitamin A Ester
- Vitamin C Ester
- Vitamin E Ester
- Geranium Oil (balances sebum production, antiseptic)
- Lavender Oil (anti-bacterial)

Product benefits

- Neutralises the destructive effects of free radical damage at a cellular level
- Reduces the appearance of fine lines and wrinkles
- Tightening effect on sagging skin
- Revitalises dull, tired skin by improving cellular metabolism and microcirculation
- Potent anti-inflammatory reducing redness and skin irritations
- Excellent for treating puffiness and dark circles around the delicate eye area

Application technique

am or pm (am - Nimue prescribed SPF face product important)

- Three times weekly application, under prescribed day/night moisturiser
- Can increase usage, after a minimum of 6 months, according to skin tolerance
- Alternate with Nimue Active Lotion/Gel
- **Use only once Phase 2 has been introduced**
- May be used around the eye area for protective and anti-ageing action
- **May not be used in the same application as Nimue Skin Refirmer, alternate applications**
