

## Exfoliating Enzyme

60ml / available  
as a refill

pH5.5

The enzyme complex forms an important part in the Nimue Skin Health Programme as it gently detaches dead skin cells and promotes cell renewal.

### Active ingredients

#### primary ingredients

- Papaya Enzymes (Papain)
- Pineapple Enzymes (Bromelain)

#### secondary ingredients

- Orange Oil Extract (anti-inflammatory, anti-bacterial, uplifting fragrance)

### Product benefits

- Non-irritating, non-abrasive enzymatic exfoliation
- Refines skin texture
- Imparts smooth and radiant skin
- Combination of fruit enzymes help digest protein bonds between stratum corneum cells without over-stimulation
- Optimises penetration of active ingredients

### Application technique

#### am and/or pm

- Apply a small amount to a clean dry skin. Leave on the skin for 2 minutes
- Activate the product with heat and water by massaging the skin with wet fingertips, for at least 3-5 minutes
- Leave on the skin for an additional 2 minutes
- Rinse skin well
- Use 2-3 times per week after Nimue Cleansing Gel
- Recommended during the Transitional Period
