Hyaluronic Ultrafiller Serum

30ml

pH5.6

A powerful lightweight serum for dehydrated skin with a triple action approach that provides intense hydration in all the layers of the skin. This unique serum offers anti-ageing, anti-pollution and anti-oxidant benefits in addition to hydration. Suitable for all skin classifications and ideal for use during seasonal changes.

Active ingredients

primary ingredients

- Acetylated Hyaluronic Acid (superior mode of action for bioavailable skin hydration)
- Crosslinked Hyaluronic Acid (high water binding capacity, delivering water over time)

secondary ingredients

- 3D Hydra Complex (Xylitol Glucoside, Anhydroxylitol and Xylitol - harmonises cutaneous hydrous flow for hydration)
- Dimethyl Isosorbate (penetration enhancer optimises penetration through stratum corneum)

Product benefits

- Flash filler effect / needle-free filler, working within 1-6 hours
- Exceptional hydration capacity
- Instant and deeper, long lasting hydration
- Plumps the skin
- Reduces wrinkles
- Anti-ageing (increases MMP inhibition - decrease in collagen degradation)
- Anti-pollution (increases Sequestosome protein expression - decrease in pollution damage)
- Anti-oxidation (increases Thioredoxin enzyme - decrease in ROS)
- Revitalises lifeless, tired and dull looking skin

Application technique

am and/or pm

- Use after Nimue Cleanser and Conditioner
- Massage a thin layer into the face, neck and décolleté
- Follow with Nimue Moisturiser and Nimue SPF (am)
- May be used daily as required or for periodic use depending on the skin requirements
- Recommended during the Transitional Period
