

## Hydrolip Protection

5g

pH4.5

This lightly textured lip therapy is formulated to condition, nourish and protect the lip area.

### Active ingredients

#### primary ingredients

- Vitamin E Ester
- Allantion (repairing and soothing)

#### secondary ingredients

- Chamomile (repairing and anti-inflammatory)
- Organic and Inorganic sunscreens (dual defense)

### Product benefits

- Minimises the visual signs of ageing around the lip area
- Moisturises the lip area reinforcing optimum skin function
- Decreases application of common “dependency” on lip balms

### Application technique

- Use as required
- Apply a small amount to the lips
- Re-apply after exercise or water activities
- **Recommended during Transitional Period**
