

Multi Night Plus+

50ml

pH4.5

A PM skin rejuvenation treatment with focus on the needs of mature environmentally damaged skin with dryness, wrinkles and loss of firmness. A complex of ingredients based on advanced biotechnology and research, captured in an ultra-soft and delicate base enriched with superior lipids and moisturisers.

Active ingredients

primary ingredients

- 5% Triple Amphoteric AHA Complex (collagen synthesis for rejuvenation)
- Argan Stem Cells (dermal rejuvenation)
- Glycine Soja (Soybean) Seed Extract (DNA repair for rejuvenation)
- Xylitol Complex (epidermal & dermal moisturisation)
- Milk Peptide Complex (collagen synthesis for rejuvenation)

secondary ingredients

- Encapsulated Vit A,C,E (anti-oxidation & moisturisation)
- LMW Hyaluronic Acid (barrier protection & moisturisation)
- Triglycerides, Panthenol, Shea Butter (moisturisation)
- Saccharide Isomerate (moisturisation)

Product benefits

- Improves skin smoothness, freshness and plumpness
- Provides immediate skin comfort and softness
- Reduces dryness and regulates moisture
- Reinforces the skins natural protective barrier and reduces TEWL
- Reduces depth of wrinkles
- Improves skin density and firmness
- Results in longevity and vitalisation of skin

Application technique

pm

- Apply to a clean dry skin on the face and neck in the evening after Nimue Cleansing Gel and Conditioner or Nimue Active Lotion/Gel
- Massage into the skin
- Avoid sun exposure
- Multi Day & Multi Night Plus usage is flexible and can be used seasonally, eg in winter months, or depending on the client's needs, use eg. Nimue Day AM and Multi Night Plus PM, or Multi Day Plus AM and Nimue Night PM
- For mature skins it is however most beneficial to use Multi Day and Multi Night Plus, AM and PM respectively, as this offers the older, menopausal skin more benefits
