

Night Fader

50ml

pH5.0

A night moisturiser based on a triple action treatment approach in a lightweight base suitable for those needing a lighter product consistency to achieve a more even skin complexion.

This is indicated for a skin with hyperpigmentation, redness and a dull complexion.

Active ingredients

primary ingredients

- Octadecenedioic Acid (inhibits the pathway of melanin synthesis)
- Palmitoyl Sh-Tripeptide-5 Norisoleucyl Sh-Nonapeptide-1, Palmitoyl Sh-Octapeptide-24 Amide (brightens the skin and increases skin radiance)
- Diglycosyl Gallic Acid (works on 7 levels to create an even skin colour)
- Polarised water (even distribution and penetration of actives)

secondary ingredients

- Micro-encapsulated Vitamin C (Magnesium Ascorbyl Phosphate: brightens the skin)
- Nicotinamide (rebalances skin tone and reduces discolouration)
- Polyglucuronic Acid (moisturises and increases elastin synthesis)
- Albizia Julibrissan Extract (reduces the visible signs of fatigue and ageing)

Product benefits

primary benefits

- Inhibits ROS production
- Prevents UV induced DNA damage
- Stops the melanogenesis process
- Prevents melanin transfer
- Decreases skin redness and vasodilation
- Reduces inflammation
- Blocks melanin synthesis even under UV conditions
- Increased skin radiance

secondary benefits

- Brightens the skin
- Increased moisturisation
- Decreases the visible signs of skin fatigue

Application technique

pm only

- Apply to a clean, dry skin after Nimue Conditioner and Nimue Pre & Post Serum or Nimue Active Lotion/Gel
- Massage into the skin
- Can be used around the eye and neck area
- Avoid sun exposure
