

MASKS

Purifying Mask

100ml

pH4.5

A creamy, soft and cooling treatment mask for problematic skin in all ages, providing deep exfoliation to remove impurities and excess oil. A clay and charcoal base purify and detoxify while a prebiotic restores the microbiome balance on the skin.

Active ingredients

primary ingredients

- Nicotinamide (Vitamin B₃) (repairs and reduces inflammation)
- Salicylic Acid (oil-soluble peeling agent providing skin exfoliation)
- Pumpkin Enzyme (exfoliates and moisturises)
- Prebiotic - Inulin and Yoghurt Powder (provides nutrition for healthy bacteria)

secondary ingredients

- Skin Cooling Agent (cooling and soothing)
- Charcoal Powder (detoxifies and purifies)
- Black Clay (detoxifies and exfoliates)
- Dimethyl Isosorbate (penetration enhancer)

Product benefits

- Helps to prevent further development of acne and scarring
- Provides nutrition for healthy bacteria, protecting the skin microbiome
- Assists in exfoliation to decongest pores and improve skin texture
- Reduces skin inflammation and redness
- Detoxifies and purifies the skin
- Reduces surface oil
- Cools and soothes the skin
- Repairs the skin barrier
- Hydrates

Application technique

- Decant into a clean glass bowl
- Apply an even but thick layer over the face and neck
- Avoid the delicate eye area
- Leave on for 10-15 minutes
- Remove with water saturated gauze or compress
