

ADDITIVES

Super Hydrating Mask

60ml

pH4.5

A moisture rich cream mask to supplement, soothe and hydrate dry and dehydrated skin conditions.

Active ingredients

primary ingredients

- Hydrating Bio-Complex (restores skin functioning/hydrating)
- Natural Moisturising Factor Complex (restores skin functioning/hydroregulation)
- Hyaluronic Acid (restores skin functioning/hydroregulation) secondary ingredients
- Pentavitin Plant Extract (Saccharide Isomerate) (restores skin functioning/moisturising hydroregulation)
- Ubiquinone (Co-enzyme Q10) (anti-oxidant)
- Citrus Reticulata (Tangerine) Oil (aroma)

Product benefits

- Relieves dryness and dehydration and fine lines
- Restores softness and suppleness to the skin
- Provides a glowing, revitalised appearance
- Improves skin smoothness and comfort
- Soothes environmentally stressed skin

Application technique

- After cleansing with Nimue Cleansing Gel and Conditioner, apply a thick layer of mask evenly over the face, neck and décolleté
- Avoid delicate eye area close to the lashes
- Leave on the skin for 15 minutes
- Rinse thoroughly or remove with water saturated gauze
- Follow with normal care
- Use once or twice weekly or as required
- **Recommended during Transitional Period**
