

Moisturiser

60ml

pH4.0

Y:SKIN Moisturiser provides daily moisturisation and preservation that protects healthy skin against the effects of environmental damage.

Active ingredients

primary ingredients

- Pentavitin Plant Extract (Saccharide Isomerate) (soothes and hydrates)
- Co-Enzyme Q10 Complex-Ubiquinone (anti-oxidant)

secondary ingredients

- Phospholipids Complex (hydrates, provides barrier protection and regulates cellular functions)
- Hydrolyzed Rice Protein (protects collagen)

Product benefits

- Acidic pH to cleanse without disturbing the normal acid pH balance of the skin
- Assists in reducing infection

Application technique

am and/or pm (Use am for acne prone skin)

- Apply a small amount to a clean dry skin after using Y:SKIN Facial Wash and massage into face and neck area
- Daily use of a Nimue prescribed SPF face product over Y:SKIN Moisturiser is recommended
