

education tip jar

Active ingredients:

- Triple AHA Complex – exfoliation and renewal
- Salicylic Acid – exfoliates and unblocks pores
- Tea Tree Oil – anti-bacterial and anti-inflammatory

This antiseptic spot treatment is excellent for active teenage acne and acne prone skin. Active blemish control decongests, reduces infections and controls oil production.

Application:
Apply as a spot treatment only. Apply to affected areas after cleansing with Youth Facial Wash. Allow to dry before applying Facial Balance or Facial Care.
