

Shine Control

Mattifying Concentrate

Mattifying serum for Oily skin

To provide an immediate matte finish on the skin, with a long-term sebum-regulating action.

Size: 7 x 2mL Salon/Retail 2 x 1mL Sample

About

Key Ingredients

Marine Sugar: excellent mattifying agent to rebalance sebum production.

Tea Tree: extracted from the leaves of the tea tree this is a purifying active ingredient with anti-bacterial and anti-inflammatory properties. These properties enable the skin to fight against the appearance of imperfections and acne.

White Willow: known for its astringent properties, will tighten the pores of the skin and tone it up. In addition, it acts against the mechanisms of overproduction of sebum.

Actions

- Shine Control serum provides an immediate matte finish and a long-lasting sebum regulating action.
- Regulates skin shine for a long-lasting matte and velvety finish.
- Pores are visibly tightened and skin texture is smoothed. It also reduces the appearance of imperfections.
- Your skin is purified and you feel a pleasant sensation of freshness.
- Easily breakable glass ampoule, containing a translucent beige lotion and a fresh, green Tea Tree fragrance.

Use

Conditions

Suitable for oily to combination skin. Shine Control is also suitable for skin with imperfections and acne.

Home Use

It is recommended to use the Shine Control ampoule as a 7 day treatment in the morning.

Insert the ampoule breaker to break it open, then place the special applicator tip on to the now open ampoule.

Apply the lotion to the whole of your face with light strokes in the morning before your usual cream.

If a matte finish is required on the skin apply 1/2 an ampoule and follow with a hydrator and make up

It is recommended to avoid sun exposure immediately after applying this serum.

Salon Use

Face step #4

Activation

Apply with light effleurages on the whole face and particularly on the T-zone after cleansing the skin.
